

Minutes of meeting

of the public hearing event in order to inform the citizens and stakeholders about the activities foreseen in the Project for of Local Roads Connectivity in the RNM and for the document “Environmental and Social Management Plan Checklist for Upgrading of Local Road: from the settlement “Mavrovi Anovi” to the settlement “Vrben” in Municipality of Mavrovo – Rostushe held on 12.11.2020

Agenda

1. Presentation on the “Local Roads Connectivity Project for RNM”
2. Presentation on the “Environmental and Social Management Plan Checklist”
3. Discussion

The Invitation for the public hearing and the relevant documents were posted on the website of the Ministry of Transport and Communications <http://www.mtc.gov.mk/> and on the website of the Municipality Mavrovo - Rostushe <http://www.mavrovoirostuse.gov.mk/> giving the interested public an opportunity to overview the documents and get information’s about the planned activities.

Representatives of the Ministry of Transport and Communications, representatives of the World Bank Office in Skopje, as well as representatives of the local community and the municipalities of Mavrovo and Rostuse (Annex 4 and Annex 5 of the document provide photos and List of attendees) followed the public hearing / video consultation. The public hearing / video consultation took place on November 12, 2020, starting at 9:00 AM, in accordance with the established Agenda given in Annex 3.

At the public hearing there was a presentation of:

- Local Roads Connectivity Project for RNM by a representative from MTC (Mrs. Irena Paunovikj, MTC)
- “Environmental and Social Management Plan” (Environmental Consultant).

After presenting the main findings of the prepared document and the main goals of the Local Roads Connectivity Project, the president of the local community from Mavrovo and Rostuse Mr. Simo Avramovski had a remark about the length of the road is planned to be to the entrance of the village, and there was another 1 km in the village that needed to be improved. Mr. Simo Avramovski asked if the canals would be cleaned, he was also interested in whether the cobblestones would be removed, whether there would be asphalt excavation and whether sidewalks would be placed. After the gentleman, Mr. Kostadin Sazdov from the project unit at MTC who had a remark that the total length of the road instead of 5,523 km is 7,24 km. Then he answered the questions and remarks of Mr. Simo Avramovski and noted that sidewalks will not be placed due to the limited budget. Finally, Mr. Osman Sejdiu announced his support for the project and that he believes that the rehabilitation of the local road will be realized as soon as possible.

The MTC representative pointed out what details to pay attention to when preparing future projects that will apply to other calls within the LRCP in RNM.

The public hearing ended at 10 AM.
